

## Cardiff School of Pharmacy and Pharmaceutical Sciences

### Research Seminar Programme Spring 2021

Wednesday 5<sup>th</sup> May 2021

14.00pm via Zoom

**Professor Sue Latter**

(School of Health Sciences, University of Southampton)

### ***Evaluating community pharmacists' contribution to palliative medicines optimisation: findings from the ActMed access to medicines study***

Professor Sue Latter is lead for the Medicines Management Research Group, in the Fundamental Care Research Theme. Sue is leading national and international research into prescribing and medicines optimisation, as part of supporting patient self-management of long-term conditions, end-of-life care and promoting antimicrobial stewardship. Her research and publications also include a focus on patient experience of self-management and evaluation of patient-centred interventions for self-management of long-term conditions. Sue has also played a leading role in the development of clinical academic careers for nurses, midwives and allied health professionals in the UK.

#### **Research interests**

Medicines management; end-of-life medicines management; access to medicines; antimicrobial stewardship; antibiotic prescribing; prescribing; nurse prescribing; paramedic prescribing; community pharmacy; biosimilars. Self-management: patient experience; nurse-led interventions.

Sue supervises a number of PhD and DM students from nursing, medicine, pharmacy and paramedicine.

- Leading national and international research into the quality and impact of prescribing and medicines management interventions.
- Leading research into patient experience of self-management and evaluation of patient-centred interventions for self-management of long-term conditions.
- Strategic development and leadership in clinical academic careers.
